

## **Constitution Day and Voter Registration Policy**

### **Constitution and Citizenship Day**

A school that receives Federal funds for a fiscal year must hold an educational program on the United States Constitution on September 17 of such year for the students served by the school process. The date is on the school calendar.

The Institution plans to have a presentation hosted by the Financial Aid office not to exceed one hour on or about September 17 depending on whether the school is open. At that time, the FA office will present information derived from the information provided by the department of Education.

### **Voter Registration**

Incorporated into the presentation will be the distribution of voter registration cards for all student not currently registered.

Voter registration forms are available upon request in the financial aid office.

### **Forms for registering to vote in the following states online:**

#### **Ohio**
